ABOUT ME

I am a self-motivated individual seeking opportunities to broaden my knowledge in my related line of work. My approach at work is to be organized and target-oriented in order to accomplish project goals with accuracy in time.

PERSONAL PROJECTS

Oppo.com Clone   2022
In a team project, we created a dummy website using HTML, CSS, & JAVASCRIPT with a similar appearance and features to the OPPO INDIA Website.

Overstock.com   2022
We in a team project created a dummy website with a similar appearance and features of Overstock.com

Online Banking System   **2022**
It was an individual project, and I created an Online Banking System with basic features of the transfer and view option of different account details with different login systems of an Admin and customer as well.

Covid-19 Vacination System   **2022**
We as a team created a Covid-19 Vaccination System to manage the vaccines via the admin and get the details and services of the vaccination as a customer using different logins and features for the admin and customer.
